

MEPRO MPO PRO-F

Closed Emitter Pistol Sight with RMR Footprint

Introducing the Mepro MPO Pro-F — an incredibly tough and durable enclosed optic system built to meet the rigorous demands of military and law enforcement operations.

The Mepro MPO Pro-F represents a significant advancement from Meprolight®, engineered to match the legendary durability of the Mepro M21, M22, and Tru-Vision™. It enhances precision and accuracy across various firearm styles and calibers, adapting seamlessly to any environment.

Built to endure direct impacts and operate in the harshest conditions, the MPO Pro-F provides accuracy and an exceptional field of view. It features a user selectable 3 segment reticle system (3 MOA dot, 33MOA bullseye, and 33 MOA ring) allowing the shooter to choose how they interact with their optic. it effortlessly integrates with existing industry standard RMR footprints.
