- Most Common Mounting Screw Sets

## COMPACT. RUGGED. READY TO DEFEND.

Arm yourself with the red dot specifically built for modern everyday carry. The micro-sized Defender-CCW™ delivers maximum concealment, reliability, and the first-shot quickness you need when facing a threat with nowhere to run. The slim profile means no extra bulk or width for a smoother, no-snap draw from under clothes and less chance of printing, so the only one on the street who knows you're packing is you. A large, class-leading sight window and brilliant, illuminated dot help you lock on target faster and defend more accurately, even in low light. Auto-Shutoff to preserve battery life. Motion activated, so it's instantly ready when you need it. Fits full-size to micro-compacts. Meant for those who prioritize personal protection, the Defender-CCW™ lets you carry more discreetly, defend faster, and more accurately when life is on the line.
